

Forklift Spreader Bars

Forklift Spreader Bars - Proudly operating since 1974, ELME Spreader AB is the largest independent spreader business all over the globe. They have been a devoted maker of spreaders utilized for various applications like for example the swop bodies, trailers and handling of containers.

Engineering is done in house by means of making use of all the latest CAD systems and FEM tools. The ELME company presently employees more than 125 personnel. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers around the world.

The ELME product range offers spreaders meant for various trailer and container handling operations. A few of their inventory consist of: Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift trucks and a huge range of attachments.

Production and manufacturing of ELME products are established in highly automated purpose designed factory. In the year 2008, they made 1150 spreaders by using quality parts in order to guarantee reliability and high standards. Major characteristics of ELME include design simplicity, market feedback and inventive modular spreader concept.
