

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy ever since the year 1959. The Lull telehandler could really help make the task easier and faster, whether the task involves transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are complete along with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement capabilities. There are even numerous optional Lull accessories for their telehandlers to help do any task.
