

## Rockwell Part

Rockwell Parts - AxleTech International is a premier dealer in the world of specialty vehicle drive-train systems and parts together with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for delivery, quality, service and technology. They believe in working in an environment which supports the highest integrity with empowered collaboration, combined with a unremitting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are glad to share and promote this policy with a greater knowledge of their efforts. They are very devoted to preserving and improving the environment. AxleTech has an EHS program which not only protects the natural environment but which even actively protects their employees and neighbors also.

AxleTech specializes in the designing and manufacture of planetary axles utilized for both military and commercial applications, that can include anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech specially designs axles in order to meet certain application demands. They have more than one thousand various axle specs within their present offering. With over one hundred years of history and knowledge, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in many commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have further details which can be found in the "ISAS" product selection.
